“ Only had a couple conversations with you bro, but you was a stand up man. We sat and talked about music that night back in May, when my cousin was over at your place and I came to scoop her up. You said you was a massive TOOL fan, and that you loved Pantera. You gave me some life advice, and I'm forever grateful. It's (seemingly) the kindest, most generous, and down to earth folks that are taken too soon.

“ Jimmy i still cannot believe this is happening. Why god why? Did u take jimmy from us. We loved him so much. Me him an papaw was just eating at T.G.I Fridays just the other day laughing with the waitress about all kinds of things, papaw of course was trying to pick her up...lol. an jimmy u an him was laughing so hard I'll never forget that laugh. U had such a unique one. U was always so inviting u would draw people in because u was so kind. Jimmy i wished i could explain or tell u but i can't in words because it wouldn't satisfy me enough but my son's loved the world of u. “ Jimmy and I have been friends for 20 years. We've neen thru some tough times but if anyone could make me smile when I was in a bad place, it was always Jimmy. He always gave me crap about my Florida Gators. There's nothing I wouldn't have done for him if he asked, and I knew he would do the same for me. He has always been one of the truest, best friends I've ever had. I'll always love him and there's not a day that'll go by that I won't think of him and miss him. Love you always, Jimmy.
